Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Applicant and Applicant Representative discussed how the promotional code was associated with the URL and how the system only allowed a user to access the URL one time to be issued a coupon. The Examiner noted that the claim language is directed towards allowing a user to redeem the coupon and then disabling future use of the URL (to redeem the coupon). It was agreed that the language of the claim needed to be changed to better describe the invention as to a method for issuing a coupon, not redeeming one. The Applicant will decide on whether to amend or cancel the claim.
